Consumptives,

READ WHAT DR. SCHENCK IS DOING.

DR. J. H. SCHENCK—

DEAR SIR: I feel it a duty I owe to you, and to all who are suffering under the diseases known as Consumption and Liver Complaint, to let them know what great benefits I have received from your Pulmonic Syrup and Seaweed Tonic in so short a time. By the blessing of God it has cured me thus far.

Dr. Schenck, I will now make my statement to you as follows: About eighteen months ago I was attacked with a severe cough, and it settled on my lungs; I could not retain anything I ate, and suffered with evening fevers and night sweats. I was very much reduced. The whites of my eyes were very yellow; likewise my skin; my appetite all gone, and unable to digest what I did eat; bowels swollen, irregular and costive. I was very low spirited, and had such violent spells of coughing when I laid down at night and when I arose in the morning that they would last one or two hours.

I then would be nearly exhausted, and was entirely unable to lie on my left side. I cannot describe my wretched suffering as I would wish to do. Every organ in my body was diseased or deranged. Such was my situation at this time, and I was confined to my bed from the last of February, 1862, to June, 1862, not able to sit up. I had the best medical attendance the whole of the time. My cough was so very bad that it racked me very much. I at this time raised a large quantity of thick, yellow, offensive matter, sometimes with blood, and it was generally accompanied by nausea and a furred and thick coated tongue. At the time of coughing so badly I would have sharp, shooting pains in my left side and heart, night sweats, and soreness all through my whole chest; had much inward fever, pain in my back and under my shoulder blades and in the small of my back, and at times so severe that it would throw me into spasms. Now my physician gave me up to die. Others I had, and the best of them, but they could do nothing for me, and at that time I was nothing but skin and bones. I then was in the western part of Missouri. In June last we left there for the East, and in August last, we came to New York, and I was so reduced that I could only walk a little with my husband's help. After I had been here a short time the salt water breeze made me feel much better for a time and then I had again to call a physician for aid. We had four of the best physicians of New York on the diseases of the lungs, and doctors of all kinds, but of no avail. They said I was past cure, and that my lungs were too far gone for any one to cure me. But at this time I was on my feet about the house, not able to do much of anything. In November last I grew worse, and the consumption diarrhœa set in and lasted about eight weeks. We had tried all and everything that I could grasp of like a dying person for my diseases—consumption and liver complaint—but of no avail.

In January, 1863, I was brought down again on my bed, and was not expected to live the night out. My husband stayed at my side, and other friends, and they all gave me up to die. At this time every one who saw me did not think I would ever leave my bed a living woman. The first night I was attacked with spasms, and was deranged most of the time.—A friend, Mrs. Harris, came to see me the last of the week, and brought the Sunday Mercury. In it was an account of a great cure performed by Dr. Schenck. She read it to me, and it was so much like my disease that I asked my husband to go and see him for me. At this time I had given up all hopes of ever getting well again, and made my peace with God, to be ready whenever he called for me.

On the 27th of January 1863, my husband called on Dr. Schenck, 32 Bond street, New York, and stated to him my case, with a request for him to call and see me, which he did, and examined me with the respirometer.—When he was about to go I asked him if he could cure me? His reply was: "I cannot tell, both lungs are diseased, and the bronchial tubes are affected on both sides." And yet he seemed to think that there were lungs enough left to effect a cure if the diarrhœa could be stopped. He said in order to do this, he would have to give me Mandrake Pills in small doses at first, to carry off the morbid matter, and then, with astringents, he hoped to check it, which he did, but the constant coughing, night sweats, and diarrhœa had prostrated me so that he was afraid my vital powers were too much prostrated ever to rally, and yet he seemed to think if I could live to get enough Pulmonic Syrup through my system to cause expectoration there were lungs enough left for me to recover. He wished me to try the Pulmonic Syrup and Seaweed Tonic at once, saying it would do me no harm, if it did me no good.—The first week it seemed to give me strength, so that on Sunday after I sat up in bed and ate hearty for a sick woman, but the next week I lost all hope and wished my husband not to give me any more medicine. But the doctor had warned him of this, and when the medicine was clearing out the system it made me feel somewhat restless, and to persevere; and he insisted on my taking it: and now I feel the benefit of it. For after eight days I began to gain my strength, and, with the exception of a cold that put me back some, I have been gaining strength of body, my cough is going away, and all my pains are gone; no soreness of the body, my bowels are regular, and my breath is sweet, and I thank God that I am now going about, and sew and read as well as ever I could. I have taken sixteen bottles of the medicine, eight of each. I now have a good appetite and rest well at night; my cough does not trouble me in getting up or lying down. I would here say to the afflicted with consumption or liver complaint, that Dr. Schenck is no humbug. You can rely on what he says.—Delay not; it is dangerous to trifle with these diseases. If you would be cured, go at once; and any one wishing to know the facts as herein stated can call at my residence, 117 West Houston street, New York city.

MRS. MARY F. FARLOW.

We, the undersigned, residents of New York, are acquainted with Mrs. Farlow, and know her statement to be true. We also know that she used Dr. Schenck's Pulmonic Syrup and Seaweed Tonic, and have reason to believe that to this medicine she owes her preservation from a premature grave.

THE VICTOR SORGO MILL.

Over Five thousand of these Mills have been made and sold in the last three years. The best recommendations can be given.

Also—COOK'S EVAPORATOR, for making Sugar and Molasses, said to be the best in use.

CORN CRUSHERS.

Three different sizes for grinding Corn in the ear, or shelled—or any other kind of grain. This is a machine that every farmer should have, as a bushel of ground feed is equal to a bushel and a half unground. The high price of feed of all kinds makes an imperative demand for some kind of machinery by which to save. It is a rapid grinder and durable.

BELLS FOR CHURCHES,

SCHOOLS, FARM HOUSES, FOUNDRIES, &c. Made of the best steel composition. Church Bells insured for one year.

WILLOUGHBY'S GUM SPRING DRILL,

WITH CROVELL'S GUANO ATTACHMENT. This is considered one of the best Drills now in use. It will distribute any kind of grain evenly, and sow from one bushel up to three to the acre. The Guano Attachment had given entire satisfaction wherever used. It is so constructed as not to clog in sowing any kind of Phosphates or Bone Meal. Having sold a number of these machines last season, I can fully recommend them to be what they are represented. Persons wishing to buy should make application early as the supply is small and the demand great.

F. F. SMITH'S CAST STEEL PLOUGHS.

First, It is the only Plough yet produced that will invariably scour in any soil.

Second, It is now an established fact that It will last from three to six times longer than any other steel plough in use.

Third, It draws lighter than any other Plough, cutting the same width and depth of furrow.

The different parts of the Plough are cast in moulds, into the exact shape desired for the mould-boards, shares and land-sides, giving the parts most exposed to wear any desired thickness. The shares can be sharpened by any blacksmith. The steel is perfectly malleable and works kindly. Edge tools have been made out of pieces of the plough by blacksmiths all over the country.

Sewing Machines.

THE GROVER & BAKER.—THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider in perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Selected Poetry.

☞ The following beautiful poem was written by the Rev. H. Harbaugh, D. D. He has written a number of poems in the Pennsylvania Dutch, and *Das Scheul Haus on der Krick*, and *Der alte Feuerhardt*, have gained great celebrity for their author. These two poems were extensively published and commented on in Germany, and, on account of the novelty of the dialect, were lectured upon at some of the great universities of that country.

It is customary to ridicule the Pennsylvania Dutch, but I would submit it to the candor of any man whether this poem does not exhibit its capacity to express the most delicate shades of thought, and the deepest pathos? I have heard *Haemweh* several times read in the presence of some of our Pennsylvania Dutch, and it invariably moved them to tears.

HAEMWEH.

BY REV. H. HARBAUGH, D. D.

I

Ich wees net was die Ursach is'—
Wees net warum Ich's thu':
Ein jedes Yohr mach Ich der Weg
Der alte Haemath zu.
Hab weiters nix zu suche' dort—
Ke Erbschaft un ke Geld;
Un' doch treibt mich das Haem-gefuehl
So stark wei alle Welt;
Nord start Ich ewa ab, un geh'
Wie Owa schon gemelt.

II.

Wie naecher das Ich komm zum Ziel,
Wie sterker will Ich geh',
For Eppes in meim Hertz werd letz
Un' thut mir kreislich weh.
Der letschte Hivel spring Ich nuf,
Un' ep Ich drowa bin
Streck Ich mich uf so hoch Ich kan
Un' guk mit luschta hin.
Ich seh's alt Stehaus durch die Baeme,
Un' wot Ich wer schon drin.

III.

Guk wie der Keucha Schansthe schmok'd
Wie oft hab Ich sel k'seh!
Wann ich draus in de Felder war,
A Buwele young un' kle.
O sensecht die Fenschter scheibe dort?
Sie gueke roth wie Blut;
Hab oft considert,—doch net g'wist,
Das sell die Sonn so thut;
Ya, manches wees en kind noch net—
Wans det, wers a' net gut!

IV.

Wie gleich Ich selle Babble Baeme,
Sie stehn wie Brueder daar;
Un' uf em Gippel—g'wis Ich leb!
Hocht alleweil e' Staar!
S'Gipple buegt sich-guk wie's gaunsched,
Er hebt sich awer fescht.
Ich seh sei rothe Flugela plain
Wan er sei Fettere wescht:
Will wetta das sei Fraule hot
Uf sellem Baume a Nescht!

V.

O, es gedenkt mir noch ganz gut,
Wo selle very Baeme,
Net groeser als en Welshkorn-stock,
Gebracht sin warra Haeme.
Die Mamme wer uns Grandats g'west,
Dort warra Baeme wie die;
Drie Wiplien hot sie mit gebracht,
Un' g'sat: "Dort plantzt sie hie."
Mir hens gethu—un' glabscht dus now—
Dort selle Baeme sin sie!

VI.

Guk!—werklick Ich bin schier am Haus!
Wie schnell get doch die Zeit!
Wann m'r so in Gedanke geht
So wees m'r net wie wiet.
Dort is der Shop, die welshkorn Crib,
Die Cider-press dort draus;
Dort is die Scheur, un dort die Spring—
Frish quilt das Wasser raus;
Un' guk! die same alt klapbord Fens
Un's Taerle vor em Haus.

VII.

Alles is still!—sie wissa net
Das Epper Fremdes kommt,
Ich denk der alte Watch is Tod,
Schonst wer er raus gejumpt;
For er hot als verschinert brullt
Wan er hot's Taerle g'hoert;
Es war d'a Travlers greislich bang
Sie werra gans verzehrt:
Ke g'fohr—er hot paar mol gegautzt,
Nord is er um gekert.

VIII.

Alles is still!—die Tare is zu!
Ich steh—besinne mich!
Es rappelt doch e wenig now,
Dort hinna in der Kuech.
Ich geh net nei—Ich kann noch net!
Mei Hertz fuelt schwer un krank;
Ich geh e wenig uf die Borch
Un hoch mich uf die Bank—
Es seht mich niemand wan Ich heul,
Hinter der Trauwarank!

IX.

Zwe Blaetz sin do uf derra Borch,
Die halt Ich hoch in acht,
Bis meines Leben's Sonn versinkt
In stiller Todes Nacht!
Wo ich vom alte Vater-haus
S'erscht mol bin gauga fort,
Stand mei Mamme weinend do
An sellem Reigel dort!
Un nix is mir so heilig now
Als grada seller Ort!

X.

Ich kann sie Heut noch schna steh
Ihr Schnuptuck in der Hand;
Die Backa roth—die Auga nass—
O wie sie doch do stand!
Dort gab Ich ihr my Ferrewell,
Un' weinte als Ich's gob,
S'war's letzte mol in derra Welt,
Das Ich's ihr gewa hab!
Before Ich widder komma bin
War sie in ihrem Grab!

IX.

Now wan Ich an mei Mamme denk
Un' mane Ich det sie seh,
So steht sie an dem Riegel dort,
Un' weint weil Ich wek geh!
Ich seh sie net im Schockle-Stuhl,
Net an kem annere Ort—
Ich denk net an sie als im Grab—
Yuscht an dem Riegel dort!
Dort steht sie immer vor meim Hertz
Un' weint noch leibreich fort!

XII.

Was machts das Ich so dorthie guk,
An sell End von der Bank!
Wescht du's? Mei Hertz is noch net tod,
Ich wees es—Gott sei dank!
Wie manchmal sas mei Tatty dort
Am Sommer Nachmittag:
Die Handen uf der Schoos gekreitzt—
Sei Stock bei seite lag.
Was hot er dort im stilla denkt
Wer moecht es wissa—sag?

XIII.

Veleicht is es e kindheits Traum,
Das ihn so sanft bewegt;
Oder is er e Yungling yetzt,
Der schoena Planna legt!
Er hebt sei Auga uf yuscht now,
Un' gukt weit ueber's Feld,
Er seht veleicht der Kirichof dort,
Der schon die Mamme haelt!
Er sehnt veleicht nach seiner Ruh
Dort in der bessere Welt!

XIV.

Ich wees net soll I nei in's Haus—
Ich zitter an der Tehr!
Es is wol alles foll inside,
Un' doch is alles lohr!
S'is net meh Haem wie's emol war
Un kans a nimme sei;
Was naus mit unsere Eltere geht,
Kommt Ewig nimme nei!
Die Freude hat der Tod goernt,
Das Trauertheil is mei!

XV.

So geths in derra rauhe Welt
Who alles mus vergeh!
Ya, in der alte Haemath gar,
Fuehlt m'r sich all alleh!
O wan's net fuhr den Himmel wer,
Mit seiner schoene Ruh,
Dann wer's m'r do schon lang verlaed,
Ich wisst net was z' thu.
Doch Hoffnung leuchtet meinen Weg
Der ew'gen Haemath zu.

XVI.

Dort is en schoe' Fater-haus;
Dort geht m'r nimme fort;
Es weint ke gute Mamme meh
In sellem freude' Ort.
Ke Tatte sucht meh fur en Grab,
Wo was er leib hat liegt!
Sell is ke Elend-Welt wie die,
Wo alle Lusch et betrueght;
Dort hat das Lewa ewiglich,
Ueber den Tod gesiegt.

XVII.

Dort find m'r was m'r do verliert
Un' palts in Ewigkeit;
Dort Lewa unsere Tode all
In licht un' ewiger Freud!
Wie oft, wan Ich in Truwell bin,
Denk ich an selle Ruh,
Un wot, wan's nur Gott's Wille wer
Ich ging ihr schneller zu,
Doch wart Ich bis mei Sturdle Schlaegt,
Nord sag Ich—Welt Adieu!

Agricultural & Domestic.

RECEIPT FOR SAUSAGE MEAT.

A correspondent of the *Country Gentleman* gives this receipt: "The following practice I have observed for the last twenty-five years, and can confidently recommend it. It is important, in the first place, not to allow your meat to lay in bulk after it is separated from the body of the hog, but keep it spread out until you are ready to cut fine. If it lays some time in bulk, your sausage will soon become strong. This plan prevents it. When you are ready, cut it in small pieces for grinding through a cutter, and weigh, in order for seasoning. Then for every forty pounds of meat take thirteen ounces of salt, four ounces of best black pepper, and two ounces of sage, all of which mix together. Then mix this with your meat. Afterwards put it through your sausage grinder, and you will find, if you are a judge of good sausage, an article in that line that is first rate."

COFFEE CRUSHED VS. GROUND.

The following is from the *Annual of Scientific Discovery:*

It is not generally known that coffee that has been beaten is better than that which has been ground. Such, however, is the fact, and in this brief article on the subject, Savarian gives what he considers the reason for the difference. As he remarks, a mere decoction of green coffee is a most insipid drink, but carbonization develops the aroma, and an oil which is the peculiarity of the coffee we drink. He agrees with other writers that the Turks exceed in this. They employ no mills, but beat the berry with wooden pestles in mortars.

When long used, these pestles become precious and bring great prices. He determined, and by actual experiment, which of the two methods was the best. He burned carefully a pound of good Mocha, and separated it into two equal portions. The one was passed through the mill, the other was beaten after the Turkish fashion in a mortar. He made coffee of each. Taking equal weights of each, and pouring on an equal weight of boiling water, he treated them both precisely alike. He tasted the coffee himself, and caused other competent judges to do so. The unanimous opinion was, that coffee beaten in a mortar was far better than that ground in a mill.

SCATTERED TREASURES.

In the natural way of things the leaves decay where they fall, and thus return to the earth more of *organic* matter than the tree takes from it. In cultivation we do not allow things to go on in their natural way, but wish some portions of earth to be unnaturally fertile, and we accumulate manures. Besides, in our civilization we have certain ideas of neatness with which fallen leaves conflict, and we gather them up because they have a slovenly look that offends us. Every leaf should be saved, and if not allowed to decay and enrich the ground where it falls, it should be made to do good service elsewhere. In our country towns and villages, so generally planted with shade trees, the crop of leaves is blown about and usually goes to waste. The careful gardener will be on the lookout for these "scattered treasures," and gather them all for preservation. Gathering the autumn leaves is excellent work for children, and men and women need not be ashamed of it, for it is merely accepting one of the gifts of a bountiful Providence. Leaves are nature's own winter mulch for the wild flowers of the woods, and we can have nothing better for our beds and borders. For bulbs and all herbaceous plants, strawberries, and all things requiring a winter covering, the otherwise wasted leaves will be found most useful. Then when we come to make hot-beds in early spring, they serve to mix with manure in the proportion of one-fourth to one-half, and make a better heating material than manure alone. And after having served this purpose, their vitality is not exhausted. The old heating material, mixed manure and leaves, thoroughly rotted, makes a manure that every gardener knows the value of. Save the leaves then; there is money in them.

MANURING TREES.

Now is the time to put some manure round your fruit trees. The fall and early spring rains will carry the soluble elements into the soil and cause them to start with fresh vigor in early spring and summer. Apple trees will send out their roots a great distance for food. We recently cut off roots a distance of forty feet from an apple tree. Thus a single tree may extend its roots across the diameter of a circle two hundred and fifty feet in circumference. We are inclined to the belief that manure should not be placed close to the trunks of the trees, but at a distance of a few feet from them.—*Maine Farmer.*

☞ Colts ought to be accustomed to being handled very young, and may be kept in stalls or loose boxes. Never use the whip, but try the efficacy of a little sugar instead. (It will pay even at 16c. per pound.) Any young horse is much easier coaxed than whipped, and punishment is rarely necessary.

A BULL AGAINST RACE HORSES.

Some forty years ago the managers of a race course near Brownsville, on the Monongahela, published a notice of a race, one mile heats, on a particular day, for a purse of $100. "Free for anything with four legs and hair on." A man in the neighborhood named Hayes, had a bull that he was in the habit of riding to mill with his bag of corn, and he was determined to enter him for the race.

He said nothing about it to any one, but he rode him around the track a number of times on several moonlight nights, until the bull had the hang of the ground pretty well; and would keep the right course. He rode with spurs, which the bull considered disagreeable, so much so that he always bellowed when they were applied to his flanks.

On the morning of the race Hayes came upon the ground on horseback—on his bull. Instead of a saddle he had a dried ox hide, the head part of which, with the horns still on, he had placed on the bull's rump. He had a short tin horn in his hand. He rode to the judges' stand and offered to enter his bull for the race; but the owners of the horses that were entered objected

Hayes appealed to the terms of the notice, insisting that his bull had "four legs and hair on," and that he had a right to enter him. After a good deal of swearing, the judges declared themselves compelled to decide that the bull had the right to run, and was entered accordingly. When the time for starting arrived, the bull and horses took their places. The horse-racers were out of humor at being bothered with a bull, and at the burlesque which they supposed was intended, but thought it would be over as soon as the horses started.

When the signal was given they did start—Hayes gave a blast of his horn, and sunk his spurs into the sides of the bull, which bounded off with a terrible bawl, at no trifling speed, the dried ox hide flapping up and down and rattling at every jump, making a combination of sounds that had never been heard on a race course before. The horses all flew the track, every one seemed to be seized with a sudden determination to take the shortest cut to get out of the Redstone country, and not one of them could be brought back in time to save their distance. The purse was given to Hayes.

A general row ensued, but the fun of the thing put the crowd on the side of the bull. The horsemen contended that they were swindled out of their purse, and had it not been for Hayes' horn and ox hide, which he ought not to have been permitted to bring on the ground, the thing would not have turned out as it did. Upon this Hayes told them his bull could beat their horses anyhow, and if they would put up a hundred dollars against the purse he had won he would take off the ox hide and leave the tin horn, and run a fair race with them.

His offer was accepted and the money staked; they again took their place at the starting post, and the signal was given. Hayes gave the bull another touch with the spur, and the bull gave another tremendous bellow.

The horses remembering the dreadful sound, thought all the rest was coming as before. Away they went again in spite of the exertions of their riders, while Hayes galloped his bull around the track, and won the money.

☞ The "local" of the Lynchburg (Va.) *News* thus describes a happy sight which he witnessed in that city: "We saw a woman yesterday from the country, promenading Bridge street, underneath a new spoon-bowl hat decked with a rooster feather, inside of a tilting 'skeert,' before a huge water-fall, having in her mouth a corn-cob pipe, and in her arms a baby about two months old. She looked like she felt she was in Mahomet's seventh Heaven, and was just ready to exclaim 'cut my straps and let me go to glory.' She was a curiosity."

☞ A Saratoga letter says: "The fashionable walk for young ladies this season is the most comical thing imaginable. It is a sort of a hobble, as if they had a sore toe on each foot. At first I thought the ladies were slightly lame and expressed my regret that such elegant ladies should be so unfortunately afflicted; but it became soon apparent that it was only a fashionable lameness, for every lady who affected any style was afflicted with it severely. A few years ago it was the Jenny Lind hop that all the young and would be young ladies were seized with, and sprightliness was considered elegant; but now, just the other extreme is the ton."

Go back to your kennels, dogs, and cease your howling.—White slavery in New England cries out against your boasted liberalism. THE BALTIMORE MYSTERY.

The Conservative victory in Baltimore astonishes every one in view of the ability of the Radicals, by their Police Commissioners, to exclude all who did not agree with them. The mystery is thus sensibly and seasonably explained by the Springfield *Republican:*

The Republicans of Baltimore had entire control of the machinery of the election and excluded all the voters they chose, as rebels or rebel sympathizers. That they should win under such circumstances was considered a matter of course. Nor is their failure accounted for by saying that the rebels perjured themselves and so got their votes in. The figures tell another story. *Two years ago the Republicans cast nearly 15,000 votes in the city and the opposition not quite 3,000. Now the Republican vote has fallen to 7,500, and the Democratic has gone up to 8,500.* The Democrats have gained 5,500, and the Republicans lost that number and 2,000 more. The aggregate vote is 2,000 less than in 1864, and 8,000 registered voters did not vote at all. It cannot be said that the Republicans were kept from the polls by intimidation. The truth is that many of the Baltimore Republicans are conservative, after the manner of Governor Swann, *but the result is, in part at least, a protest by Republicans themselves against the policy of exclusion.* They saw that citizens quite as loyal and trustworthy as themselves were disfranchised under pretence, that they had at sometime indulged sympathy with the rebels; they saw this year's registration set aside by those who made it when they discovered that the majority of those registered were against them in politics, *and they began to understand that such gross violations of the right of suffrage would lead to dangerous consequences.* They therefore either voted with the opposition, or made silent protest by refusing to vote at all. Notwithstanding there was a disposition on the part of Governor Swann and his supporters to make an unfair use of their power to carry their ends, and the defeat of their machinations was cause for satisfaction, *one cannot help feeling that the defeat of the Republicans at Baltimore is also a just retribution for their misconduct.*

The moral thus drawn by a Radical paper comes, perhaps, with better grace from it than from us.

A "STRANGE STORY."

A young lawyer, who had chambers in the Temple, had a nodding acquaintance with an old gentleman living on the same staircase. The old man was a wealthy old bachelor, and had a place in the country, to which he went for a week every Easter. His servants had charge of the place while he was away—an old married couple who had lived with him for twenty-seven years, and were types of the fine old English domestic. One Easter Tuesday the young lawyer was astonished to find the old gentleman on his Temple staircase and made some remark about it. The old man asked him into his room and said he had received a fearful shock. He had gone down as usual to his country-place, had been received with intense cordiality, had found his dinner cooked to perfection, and everything as it had been from the beginning. When the cloth had been removed his faithful butler put his bottle of port on the table, and made the customary inquiries about master's health, hoped master was not fatigued by the journey, had enjoyed his cutlet, and so on. The old gentleman was left alone, his hand was on the neck of the bottle of port, when it suddenly flashed across his mind, "Here I am, a lonely old man; no one cares for me; there is no one here to help me if anything should happen to me. What if my old servant and his wife have been cheating and robbing me all the time? What if they want to get rid of me, and have po

WHAT OF THE FUTURE?

In one week from to-day, Congress, or what purports to be a Congress, will again assemble. What extravagant and revolutionary legislation may be enacted by this "rump" body during the coming session it is impossible to predict. But that it will be bad enough in all conscience, we may rest assured. Whether they will undertake to impeach the President will depend very much on circumstances. If they can carry out their designs without impeachment they will forbear to resort to that extreme measure, but if their revolutionary purposes can be accomplished in no other way we have no doubt the counsels of Phillips, Butler & Co. will prevail, and the country will be hurled anew into civil war; for it must not be supposed that the President would tamely submit to being tried by an illegal and unconstitutional tribunal, or that the conservative masses of the country—the real friends of the Union and the Constitution—would permit him to submit. If the radicals force this issue upon the country it will be the end of their ill-gotten power, for the honest people of the country will rally again in defence of the Union and crush out Northern disunionists as effectually as they did Southern disunionists, only it will be done in much less time.

The late war was a war between the Radical leaders of the North and the Radical leaders of the South, for political power. When the war was imminent in the spring of 1861, and the patriotic portion of the people of both sections were laboring to preserve the peace and unity of the country by compromise, the extremists, North and South, interposed and prevented a settlement, because it would have interfered with their schemes for power and plunder.

The Radical leaders prevented a compromise at that time, because, as they alleged, it would have disrupted the Republican party. They preferred the disruption of the Union to the disruption of their party, and through their criminal neglect to aid in averting the impending calamity, the country drifted into civil war. War with all its horrors having thus been brought upon the country, the patriotic masses of the North, without stopping to inquire into the causes, flew to arms in defense of an imperilled government. The Radical leaders, to mask their ulterior designs, bawled themselves hoarse with the cry of "Union."

The war was waged under false pretenses so far as the political leaders who shaped the war policy of the government were concerned, but the patriotic masses who composed the rank and file of the Northern army, knowing only their duty to their country, fought the war through to a successful issue, fondly believing that a restored Union would be the reward of their perils and sacrifices. But in this they were mistaken. It is almost two years since the war closed, and yet we are to-day apparently further from the attainment of the *pretended* object of the war than at the time of the surrender of the rebel armies. Why is this? It is because the same political leaders who, in 1861, prevented an amicable settlement to preserve the Union, for fear of disrupting the Republican party, are now arbitrarily and illegally preventing a restoration in order that they may retain their hold on political power. The arrant knavery and hypocrisy of these men, by which a too credulous people have been deceived during the past five years, are thus made manifest and exposed.

The South went to war and were defeated. They acknowledge themselves whipped and accept the situation. They are anxious to return to the fold from which they vainly attempted to stray. They have given every evidence that could reasonably be asked, of their present loyalty and good faith, and the conservative portion of the Northern people—the same who labored so devotedly in the winter and spring of 1861 to preserve the Union, without bloodshed—are willing to receive them in order to restore to perfect harmony again the Union of our fathers, and that peace may once more smile upon the whole land, bringing prosperity and happiness to all its people.

But this grand consummation, so devoutly wished for by all true patriots, is prevented by the infernal spirit of radicalism now dominant at the North. Its revolutionary leaders have usurped unlimited power in the Legislative branch of the government, and, in defiance of the plain mandates of the Constitution, stubbornly refuse to restore the Union themselves or permit its restoration by any other department of the government. Is the Union then to remain indefinitely divided because a conspiracy to that end exists among the Radical leaders of the North? This is the pregnant question which now presses itself upon the minds of the American people. This is the problem which must be solved in the near future.

DULL TIMES.

The N. Y. *World* says there is a universal complaint that business is dull. Before the elections it was supposed that the canvas had something to do with it, but now that the elections are over trade is worse than ever. The truth is that the country has a surfeit of high priced goods. It costs so much for food, rent and fuel, that people have no money to spare for luxuries. Unless Congress contracts the currency and reduces taxation, production will come to a stand still, and trade, except for the barest necessaries, will languish. The first and best step towards continued prosperity would be a complete restoration of the Union; but that we cannot hope for now.

☞ Whilst there remains a working man in the country there must be a Democratic party. Democracy and work are inseparably united. Democracy means the people—the masses—embraces the laborers, artisans, and toilers in general. What better or more significant name, therefore, could the people assume than that of Democrats? There must always be a party of the people; hence laboring men are never true to their interests when they oppose that party.

☞ Forney quacked terribly in Baltimore, but his ducklings in Pennsylvania couldn't come. They knew that there was no use in a *Dead Duck* fighting a *Live Goose!*

THE POLITICAL SITUATION.

Presuming that the Southern States will persist in rejecting the Constitutional Amendment, the New York *World* inquires, what would they make by adopting it? and proceeds to answer: Admission to Congress, perhaps—but of that they have no promise—with a diminished representation. But since the representatives they would have *under the amendment*, added to the Conservative representatives now elected from the North, would still be a minority, they would have no more power of self-protection in Congress than out of it. Until the political complexion of the North changes, admission will do them no good. Why should they renounce for all time rights for which nothing substantial is offered in exchange? The South will preserve order, obey the laws, and leave the Radicals to pass such measures as they please. The spectacle of a quiet, loyal people ruled by a Government in which they have no voice, will appeal to the better sentiments of the North, and cause a reaction against the Radicals. When it is seen that there is no reason in the conduct of the Southern people why they should be excluded, the responsibility of keeping the Union dissolved will come home to the Radicals; and before the Presidential election there will be a great popular reaction which will sweep them out of power. Only a very small change is necessary to produce this result. A change of one vote in a hundred would accomplish it in New York; a change of one vote in fifty would accomplish it in Pennsylvania. The electoral votes of these two States added to those of all the Southern States, together with New Jersey and Connecticut, would make a majority. A change of about seventeen thousand votes in the four States of New York, Pennsylvania, Connecticut and Jersey, would enable the Democratic party to elect the next President; for it must be borne in mind that every voter transferred *from one side to the other* makes a difference of two in the result. Why should Democrats despair of changing seventeen thousand votes in the next two years? Why, we *should* have carried New York, this year, if the Fenians along the lines of the canals and railroads had not been inveigled into voting for Fenton. We would have carried Pennsylvania if moderate Conservatives had not been dissatisfied with our candidate. A party which needs to gain only seventeen thousand votes in two years to elect the next President, is not separated from success by that immeasurable interval which its enemies pretend.

The Chicago Times and Negro Suffrage.

[From the Cincinnati Enquirer, Nov. 16.]

The new-born zeal of the Chicago *Times* in favor of negro suffrage is begotten upon some conceptions of its own, in respect to party policy. By coming out on that side, the Democratic party would, according to its ideas, fall into the shortest road to its "reascendency." In other words, it would climb to power by committing an act of debauchery, which should entitle it to decline to infamy, and fall into dissolution. It assumes—that which several Radical journals and politicians zealously deny—that the proposed Constitutional amendments carry negro suffrage with them; and that by the late elections the ratification of these amendments by three-fourths of the States is made inevitable. If the latter assumption were true; if the question of negro suffrage is as it affirms, "already determined," the accession of the Democratic party would come a day too late; and it would take nothing by its motion, but a dereliction of principle at once gratuitous and ridiculous. It would simply admit after it has been conquered, that it has been fighting unjustly and against its own convictions. Its act would be a voluntary kissing of the rod after the castigation had been inflicted.

☞ The Democracy of the West are out-spoken in their indignation at the course of the Chicago *Times*, and it will soon find, if it has not already found, that they will not follow its "expediency" lead. They are opposed to negro suffrage upon *principle*, and will adhere to that position to the end. The success of the Radicals at the Northern elections does not make them *right*; and as long as they are wrong, it is the bounden duty of all patriotic citizens to oppose them. The negro is *not* fit to be the equal of the white man, and never will be. So the Democracy believe, and they will continue to act accordingly.

WHERE'S THE NIGGER?

A Radical sheet, the Tamaqua *Journal*, says:

"We have had a Republican victory—now where's the 'Nigger?'"

Thereupon the Bellonte *Watchman* "goes in" at the following rapid rate:

"Go to your store, and you get from eighteen to twenty-five cents worth of nigger in every yard of muslin you buy; from ten to fifteen cents worth of nigger in every yard of calico your wife and children use; from six to eight dollars worth of nigger in each barrel of flour your family consumes; twenty-five cents worth of nigger in each pound of coffee you purchase; from eight to twelve cents worth of nigger in every pound of sugar you buy to sweeten it; you'll find a small bit of nigger in your box of matches, and considerable nigger in your plug of tobacco. You can eat nothing, wear nothing, see nothing, taste nothing, or have nothing, that is not more or less affected by the miserable niggerism that has controlled the country since 'Old Abe' left Springfield for Washington."

We reckon, after this burst, the Tamaqua fellow won't "come to time."

☞ The Washington correspondent of the New York *Post* states that a Cabinet meeting was held on Thursday last at which important business relative to Mexico was transacted. The Italian authorities are reported to be on the alert to secure his recapture.

BRUTAL CONDUCT OF SCHOOL TEACHERS.

The Lancaster *Intelligencer* says:—The devil appears to have infused his own diabolical spirit into some of our female school teachers. On Saturday we published an account of the inhuman punishment inflicted by a school-mistress at Frederick, Md., upon two of her pupils, for the offence of "throwing acorns at a negro hut." The children were each about eight years old; but notwithstanding their tender age and the trifling nature of their offense, which two or three smart raps would have punished sufficiently, their heartless teacher, who hails from nigger-worshiping Massachusetts, administered upon their backs no less than fifty-four lashes.

In another part of this paper we give an account of a most outrageous punishment inflicted by a school-mistress upon a pupil at Homer, Michigan, for a trifling violation of one of the rules of the school; and below we print from the Johnstown *Democrat* an account of the brutal conduct of a school-mistress at Ebensburg, in Cambria county, this State. Things have come to a pretty pass when the child of a Democrat can be thrashed almost to death in a public school in Pennsylvania, for refusing to sit beside a negro. Such outrages as this should not be allowed to go unpunished. Female teachers who may hanker after negroes have a right to marry them and fondle as many mulatto children as they can get, but they have no right to insist upon it that other people's children shall keep negro company. Especially have they no right to inflict brutal punishments upon white children whose instincts and whose education cause them to recoil from association and fellowship with an inferior and repulsive race.

There is a manifest determination on the part of the Radicals, even here in this once conservative old Keystone State, to *force* negro equality upon us. Our Radical legislators are to compel us to sit on juries with negroes, under penalty of fine or imprisonment for neglect or refusal, and our Radical school teachers are to whip our children into association with juvenile Africans! Unless a portion of the Republican party step forward and arrest the extreme Radicals in their headlong career, this thing will end in *bloodshed!* We take it there are very few Democrats in this Commonwealth who would under any circumstances sit in the same jury-box with a negro, and we trust there are still fewer who would tolerate the beating of their children by Radical vixens in order to compel them to sit beside negroes in school.

This Ebensburg case affords a fair opportunity to bring the negro equality question to a crisis which will settle it one way or the other. Let the Court and the law be tried first, and if these fail to punish such crimes as this school teacher has been guilty of with sufficient severity to prevent any other teacher in the commonwealth from beating a white man's child for refusing to sit beside a negro, then let an appeal be made to the "higher law" of human nature, and let every white man defend his children and adequately redress their wrongs. Too much of Radical outrage has been submitted to already.

[From the Johnstown Democrat, November 14.]

IMPROPER CONDUCT OF TEACHERS.—On Tuesday, of last week, very reprehensible conduct was perpetrated in the public schools of Ebensburg, this county. A Mr. Singleton, a young sprig of a lawyer, who was a candidate for District Attorney last year on the Disunion ticket and was defeated of course, is now employed as Superintendent of the schools in Ebensburg. He teaches the higher class. He has for one of his assistants, who teaches a younger class of scholars in the same building, a Miss Mary Jane Jones.

Mr. John Blair, a worthy citizen of Ebensburg, and the keeper of a very respectable hotel in that town, has a bright little boy of about twelve years of age, who was attending the school or class taught by Miss Jones. It seems that a shiny, black faced, woolly headed, little negro girl, was attending the same school. Miss Jones ordered the intelligent little white boy to sit beside the little black girl, (an unusual place to seat boys beside girls in school under any circumstances.) The white boy refused, said he "would rather sit on the floor than beside the nigger." The Mistress told him "it was a better place to sit than in a bar-room with copperheads." This expression showed most conclusively the partisan feeling of her conduct. The white boy still refused. The partisan teacher then locked the door so that no one could go out to report her proceedings. It is said Mr. Singleton did the same with the door of his room in the same building. Miss Jones then commenced flogging the white boy for not sitting beside the negro girl, and during nearly half a day, it is said, she most unmercifully whipped him, until "the boy was so bruised and mangled that he could hardly reach his father's house."

If our informant has given us the truth, we look upon this as one of the most diabolical acts we have ever recorded. The attempt to teach miscegenation in a school room, and to enforce it with cruel and unmitigated punishment, is a crime of so horrid and revolting a character that should condemn its perpetrators to the deepest scorn and contempt of every human being.

—Miss Jones has been discharged by the School Board of Ebensburg, though a majority of the Directors are Republicans.

AN AMIABLE SCHOOL TEACHER.

In Homer, Mich., a few days ago, a school-mistress named Dyer whipped a pupil who had addressed her without waiting for the usual nod of consent, until she had used up three whips nearly as large as a man's finger. She then took a ferrule, an inch in diameter, and scourged the boy with this until her strength gave way. The subject of her discipline is covered with abscesses from head to waist, and his arm has been rendered useless. If that boy has a father alive, or a grown up brother, we shall expect to hear soon that all the flesh on that she-devil's bones has been thrashed off them.

☞ A lot of Radicals, under the title of the Grand Army of the Republic, assembled in Convention at Indianapolis, on Tuesday. The proceedings were kept secret, but the character of the meeting may be understood by stating that the most distinguished officers present were Generals Palmer, formerly in command in Kentucky, and whose arbitrary acts have been bitterly denounced by the people of that State; Logan, of Illinois, a secessionist at the breaking out of the war, and the most ultra of Radicals now, and Vandever, of Iowa, of whom we know nothing, except that his extreme radicalism makes him fit company for his two military associates.

Counterfeit Coin.—A counterfeit five cent coin of the new nickle issue, is in circulation in the city, and is calculated to deceive the unwary. The counterfeit is remarkably good so far as the die is concerned, but the metal has that greasy appearance common to compounds of pewter and other baser metallic substances. It is very soft and cuts easily, like cheese. —*Balt. Sun.*

☞ We learn from the Norristown *Republican* that Auditor General Hartranft declined the appointment of Colonel of the 37th Regular Infantry, tendered him some time since. Business engagements, occasioned partly by the ill-health of the father of Gen. H., led him to refuse the position. It is his present intention to serve the term for which he was elected Auditor General.

☞ The most awful event of this century is the great famine in India. In Orissa, it is reported that *two millions five hundred thousand people have perished within the last five months of starvation.* Before this terrible calamity even our awful war seems insignificant.

TOWN AND COUNTY AFFAIRS.

THANKS.—During the past week a number of our subscribers in arrears called and paid up. To each and all of them we return our hearty thanks.

To the hundreds still indebted, we have to say, "do likewise." The money is needed—needed *now*—and the world knows that whatever is to be done, is best done if done quickly. Subscribers at a distance are expected to delay their remittances no longer.

THANKSGIVING DAY.—Thursday next will be the day of Thanksgiving appointed by the Governor of this State, in compliance with the recommendation of the President of the United States.

SNOW.—The South Mountain was white with snow on Saturday morning—the first of the season.

—On Saturday afternoon snow fell here, but melted as it reached the ground.

SHERIFF.—Philip Hann, Esq., entered upon his duties as Sheriff of Adams county on Saturday last. Adam Rebert, Esq., filled the office very acceptably during the last three years, and retires with a large measure of popularity—none ever more so. Whilst prompt and efficient in the discharge of duty, he was always as kind and obliging as it was possible for him to be. Mr. Hann, we are sure, will also fill the place faithfully, and to the satisfaction of the public.

TEACHERS' INSTITUTE.—The Adams County Teachers' Institute assembled at Littlestown on Wednesday last, and continued in session three days. We understand that the attendance was good, and the exercises interesting.

DISTINGUISHED ARRIVALS.—A number of distinguished visitors to the battlefield arrived here, in a special train, on Friday evening. Among them were Gen. Meade, Chief Justice Chase, Hon. Simon Cameron, Hon. Morton McMichael, Gov. Geary, Gen. Cadwalader, Mr. Rothermal, and others—the party numbering twenty-three, including several ladies. There was a serenade on Friday evening, of course. Gen. Meade briefly returned his thanks, and Geary said a little something, which, we are told, was very poorly said. The party left on Saturday afternoon.

INAUGURATION OF THE SOLDIERS' ORPHANS' HOMESTEAD.—The formal inauguration of the Soldiers' Orphans' Homestead at this place occurred on Tuesday last. At 2 o'clock a procession was formed in the Diamond, consisting of Court officers, Clergy, Professors and Students of College and Seminary, Sabbath Schools, visitors and citizens, and marched to the Homestead. The Gettysburg Brass Band had the right of the procession, and discoursed excellent music. Capt. Earnshaw, Capt. Hunter, and Sergts. Duphorn and McKenzie, acted as Marshals. The exercises at the Homestead were had in the large yard on the south side of the building, the fine weather suggesting such a course. After a prayer by Rev. Mr. Mears, the opening address was delivered by Rev. Dr. Reed, of Philadelphia, which was followed with an address by Rev. Dr. Hay, of Gettysburg. The Sabbath Schools they sang "America," and a select choir an inauguration ode composed by Mrs. Isabella James, of Philadelphia.

In the evening, Rev. Mr. Newton and Rev. Mr. Mears, of Philadelphia, and Rev. J. R. Warner, of Gettysburg, delivered addresses in the College Church, to a crowded house—Rev. W. R. H. Deatrich pronouncing the benediction.

SALES.—The following real estate sales have recently taken place in Mummasburg: George W. Lady has sold his house and three lots of ground to C. H. Fulweiler for $1,000, cash. Jacob Fulweiler has sold his residence to Samuel Roth, of York county, for $1,500; cash; also a house and lot to same, for $1,350; also two lots of ground to Henry Peters, for $45; also six acres of ground to Charles Shultz, at $80 per acre. David F. Starry, agent for the heirs of Jacob Starry, deceased, has sold a house and lot to Joseph Hummer, for $380, cash.

—Samuel Herbst has sold the property on Middle street, purchased by him a few weeks ago, (known as the Camp property,) to Charles Artzberger, for $750 cash.

"MAMMOTHS."—We are under obligations to Samuel March, Esq., of Reading township, for a basket of prime Turnips, the largest weighing 5¾ pounds.

Thomas G. Neely, Esq., of Huntington township, also makes us his debtor for two enormous heads of Cabbage, one of them measuring about four feet in diameter.

We have three very large ears of Corn from the farm of Mrs. Jane Marshall, in Carroll's Tract, the largest measuring 13 inches.

Who can beat either of the above "mammoths" in their line?

BUTLER LYCEUM.—The young Ladies and Gentlemen of Butler township have organized a Lyceum, with the following officers:

President—S. H. Eicholtz.
Vice President—Wm. H. Black.
Secretary—Wm. Hamilton Bailey.
Treasurer—Miss Mary McGrew.
Ex. Com.—Miss Jennie Hamilton, Miss Mary McGrew, and Miss Flora Hartzell.

The exercises will consist of singing, reading, essays, speeches, &c. The next meeting will be held at the Grapevine School House, on Monday evening, December 3rd.

☞ Messrs. Duphorn & Hoffman, corner of Carlisle street and the Square, have received another heavy stock of new Goods, which they are selling at reduced prices. This will be welcome news to the people, and all will no doubt call to see for themselves. To examine is to be convinced, and to be convinced is to buy. Good goods and small profits must please, and such is the style of doing business at Duphorn & Hoffman's. It

☞ We have not seen them, but are told that two extraordinary heads of Cabbage were grown among the lot at the Alms-house the past season—one weighing 24 and the other 26 pounds! These certainly throw all other big figures in the shade.

☞ The Rev. J. A. Hoffheins, son of Rev. E. Hoffheins, deceased, formerly of this county, has accepted a call to the German Reformed Church in Carlisle.

☞ Orphans' Court December 27th.

COMMON PLEAS.

Ferdinand Meals vs. William A. Yeatts. Issue directed to try the amount due on several bonds, and try several facts connected with the distribution of money. Jury found the facts, and that three bonds were paid, four sold, and four pledged as collateral security. This was an intricate case, and occupied nearly three days in its trial.

Ephraim Myers vs. Henry S. Klein. Summons in debt, growing out of subscription for Littlestown Railroad bonds. Verdict for Defendant.

Franklin H. Ebert, Administrator of Z. E. Osborne, deceased, vs. Abraham Meals. Summons in debt of $409 34. Verdict for Plaintiff for $11 41.

QUARTER SESSIONS.

Commonwealth vs. George Willard. Larceny of geese and pigeons from Elizabeth Philby. Verdict, not guilty.

FATAL ACCIDENT.—On Saturday, the 10th instant, Mrs. Harriet Baker and Miss Laura Hassler, daughter of Major John Hassler, Treasurer of this county, met with a terrible accident on Scrub Ridge, about one mile west of McConnellsburg, Fulton county. The two ladies above named, were on their return from a visit to Fort Littleton in a buggy, in company with a lad 12 years of age, son of Mr. John Gordon, of this place. On reaching the top of the Ridge the lad got out of the buggy to walk, when the horse became frightened and dashed off at a furious rate, throwing out both ladies and breaking the buggy into fragments. Mrs. Baker was terribly bruised, while Miss Hassler was injured so badly as to cause her death a few days after the accident. Her remains were brought to this place and interred on Saturday last. The injuries of Mrs. Baker are serious and painful, though not necessarily fatal. —*Chambersburg Spirit.*

SUDDEN DEATH.—On Sunday night last, Mr. George Miller died, at his residence, in this place. He was a soldier of the war of 1812, and was upwards of 70 years of age. His death was rather sudden, as on Saturday prior to his death he was in good health.—*Hanover Citizen.*

FIRE AND ARRESTS.—On Wednesday evening last, a large barn, the property of R. P. McClure, Esq., was destroyed by fire. The barn being filled with hay, &c., burned to the ground in a short time.

After the fire two young men were arrested on suspicion, the evidence against them being so strong, that Justice Butts committed them to jail for trial.—*Shippensburg News.*

The subscription price is $1 50 per annum, with extra inducements in the way of premiums. Single copies, 15 cents. See advertisement in another column.

☞ Hon. Godlove S. Orth, representing the Eighth Congressional District of Indiana, is a candidate for United States Senator in place of Hon. Henry S. Lane.

A CARD.

The subscriber, in retiring from the office of Sheriff, with which he was entrusted by the good people of Adams county, is constrained by his feelings on the occasion, to offer the acknowledgments which are due to the Judges, and Officers of the Courts, the members of the Bar, County Commissioners, and all with whom he had official relations, for the uniform courtesy and consideration extended to him and the respect and kindness shown him throughout his three years' term of office. His official duties have thereby been rendered agreeable to him, and he vacates his office for his successor with gratefu and pleasant recollections, which he shall cherish through life, and with the consolousness that he has endeavored faithfully and impartially to perform his duty under all circumstances, and flattering himself that he may not be deemed unworthy of the judgment of the people, "well done, good and faithful servant."

He retires with malice towards none, but good will towards all.

Very respectfully,
ADAM REBERT.

DR. SCHENCK'S MANDRAKE PILLS. A SUBSTITUTE FOR CALOMEL.

These Pills are composed of various roots, having the power to relax the secretions of the liver as promptly and effectually as blue pill or mercury, and without producing any of those disagreeable or dangerous effects which often follow the use of the latter.

In all bilious disorders these Pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of bilious affections in general.

SCHENCK'S MANDRAKE PILLS cure Sick Headache, and all disorders of the LIVER, indicated by sallow skin, coated tongue, costiveness, drowsiness, and a general feeling of weariness and lassitude, showing that the liver is in a torpid or obstructed condition.

In short, these Pills may be used with advantage in all cases when a purgative or alterative medicine is required.

Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two likenesses of the Doctor are on the Government stamp—one when in the last stage of Consumption, and the other in his present health.

Ninety-nine out of a Hundred.

There is no stimulant, no diaphoretic, no vegetable agent, nor no tonic so applicable to so large a number of ailments as are claimed to be found within the remedial scope of this unequaled panacea and invigorant. The effects of Radway's Ready Relief, when administered as a remedy, is marvellous for its curative properties. It will, and it has cured more complaints, and prevents the SYSTEM against sudden attacks of epidemics and contagious diseases, than all other remedies ever introduced. It is a capital remedy for Rheumatism, Tic Douloureux, Chills and Fevers, Pain in the Head, Chest, Kidneys, &c. Mothers will find it no plus ultra for Croup and Sore Throat. Those subject to Pneumonia, Bad Colds, Sprains, Bruises, Scalds, &c., can use nothing so good and so sure for helping and curing them as Radway's Ready Relief. It is good for ninety-nine ills out of a hundred. It should be in every family. In a sudden attack of Cholera, Cholera-morbus, Bilious Colic, or Intermittent Fever, it should be applied in preference to all others. Where there is pain it can be relieved. Sold by Druggists. Reasons Why the

AMERICAN WATCH, MADE AT WALTHAM, MASS., IS THE BEST.—It is made on the best principle. Its frame is composed of SOLID PLATES. NO jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novelty, as well as for its effectiveness) and is therefore properly made. The watch is what all mechanism should be—ACCURATE, SIMPLE, STRONG AND ECONOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have carried "anchres" "lepines" and "English Patent Levers," are perfectly well aware of the truth of this statement.

At the beginning of our enterprise more than ten years ago, it was our first object to make a thoroughly good low priced watch for the million, to take the place of these foreign impositions; the refuse of foreign factories, which were entirely unsaleable at home and perfectly worthless everywhere.

How well we have accomplished this, may be understood from the fact that after so many years of public trial, we now make MORE THAN HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES, and that no others have ever given such universal satisfaction. While this department of our business is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very highest GRADE KNOWN TO CHRONOMETRY, unequaled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main building expressly for this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed which perform their work with consummate delicacy and exactness. The choicest and most approved materials only are used, and we challenge comparison between this grade of our work and

To owners of Horses and Cattle.

Tobias' Derby Condition Powders are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-bound, Colds, &c., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, &c., in Cattle. These Powders were formerly put up by Simpson I. Tobias, son of Dr. Tobias, and, since his death, the demand has been so great for them, that Dr. Tobias has continued to manufacture them. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them, and you will never be without them. Hiram Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his friends. Col. Philo. P. Bush, of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he is never without them. He has over 20 running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1,000 other references can be seen at the depot. Sold by Druggists and Saddlers. Price 25 cents per box. Depot, 56 Cortlandt Street, New York. [Nov. 19, 1866. 7w

Ayer's Pills.

Are you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, invade and irritate the surrounding organs, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and in any of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul stomach, Dysentery, Bilious complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses.

They are Sugar Coated, so that the most sensitive can take them easily, and they are safely the best purgative medicine yet discovered.

Grand Jury Report.

TO the Honorable the Judges of the Court of Quarter Sessions of the Peace in and for the county of Adams.

The Grand Jury for the November Term, A. D., 1866, having visited the Public Buildings, beg leave to make the following report.

We found the Jail building and cells, &c., neat and clean, and in a condition highly creditable to the officer in charge.

The Grand Jury have understood that the Eastern Penitentiary is nearly or quite full of convicts at present, and that it will be necessary for the Court to sentence prisoners or convicts to the Common Jail of the county for short confinement. They therefore recommend to the Commissioners of the county to have more cells in the Jail properly secured, as there are but two of said cells in a proper and secure condition for the confinement of convicts. We also found the gates leading into the Jail-yard to be defective, and call the attention of the Commissioners of the county thereto.

In regard to the Alms-house, the rooms of the inmates, as well as the beds, presented an air of cleanliness and comfort which spoke well for the Steward and family. The wants of the inmates are duly cared for, a proper regard to economy and good house-keeping being always had. The grounds have been much improved by the erection of a long-needed good fence. But several of the buildings, especially the barn and main building, are in much need of new roofing in part. As soon as means will permit, repairs of the kind indicated should be made. We call the attention of the Directors thereto.

Respectfully submitted,

LEVI CHRONISTER, Foreman.

THE
PERUVIAN SYRUP
IS A PROTOXID SOLUTION OF THE
Protoxide of Iron,
a new discovery in medicine which
STRIKES AT THE ROOT OF DISEASE,
by supplying the Blood with its VITAL PRINCIPLE, OR LIFE ELEMENT—IRON.

This is the secret of the wonderful success of this remedy in curing

DYSPEPSIA, LIVER COMPLAINT, DROPSY, CHRONIC DIARRHŒA, BOILS, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Disease of the Kidneys and Bladder, Female Complaints, and all diseases originating in A BAD STATE OF THE BLOOD, or accompanied by DEBILITY, or a LOW STATE OF THE SYSTEM.

Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor and new life into all parts of the system, and building up an IRON CONSTITUTION.

DYSPEPSIA AND DEBILITY.

From the Venerable Archdeacon Scott, D. D.

DUNHAM, Canada East, March 24, 1865.

* * * "I am an inveterate Dyspeptic of more than 25 years' standing."

* * * "I have been so wonderfully benefitted in the three short weeks during which I have used the Peruvian Syrup, that I can scarcely persuade myself of the reality. People who have known me are astonished at the change. I am widely known, and can but recommend to others that which has done so much for me."

One of the most DISTINGUISHED JURISTS in New England writes to a friend as follows:

"I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me; infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

An EMINENT DIVINE of Boston, says:

"I have been using the PERUVIAN SYRUP for some time past; it gives me new vigor, buoyancy of spirits, elasticity of muscle."

☞THOUSANDS have been changed by the use of this remedy; from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably *hesitate to give it a trial.*

A pamphlet of 32 pages, containing certificates of cures and recommendations from some of the most eminent physicians, clergymen, and others, will be sent FREE to any address.

☞See that each bottle has PERUVIAN SYRUP blown in the glass.
